

Carmichael Colony Neighborhood Association

October 2020

Dear Neighbor:

You are receiving this letter from your Neighborhood association to encourage you to participate in a new program we are offering to help reduce crime in the CCNA area. We will be purchasing another security camera system for installation in our neighborhood. We have approved \$400 for the purchase of a system and an additional \$400 to pay for installation. All we ask is that you keep the system going (there are NO monthly charges) and point at least 3 of the cameras towards the street(s).

Details of the program can be found at: CarmichaelColony.org

Send any questions to: CCNA.Carmichael@gmail.com

Thank you.
